

IAMECA

QUALITY POLITICS

MISSION

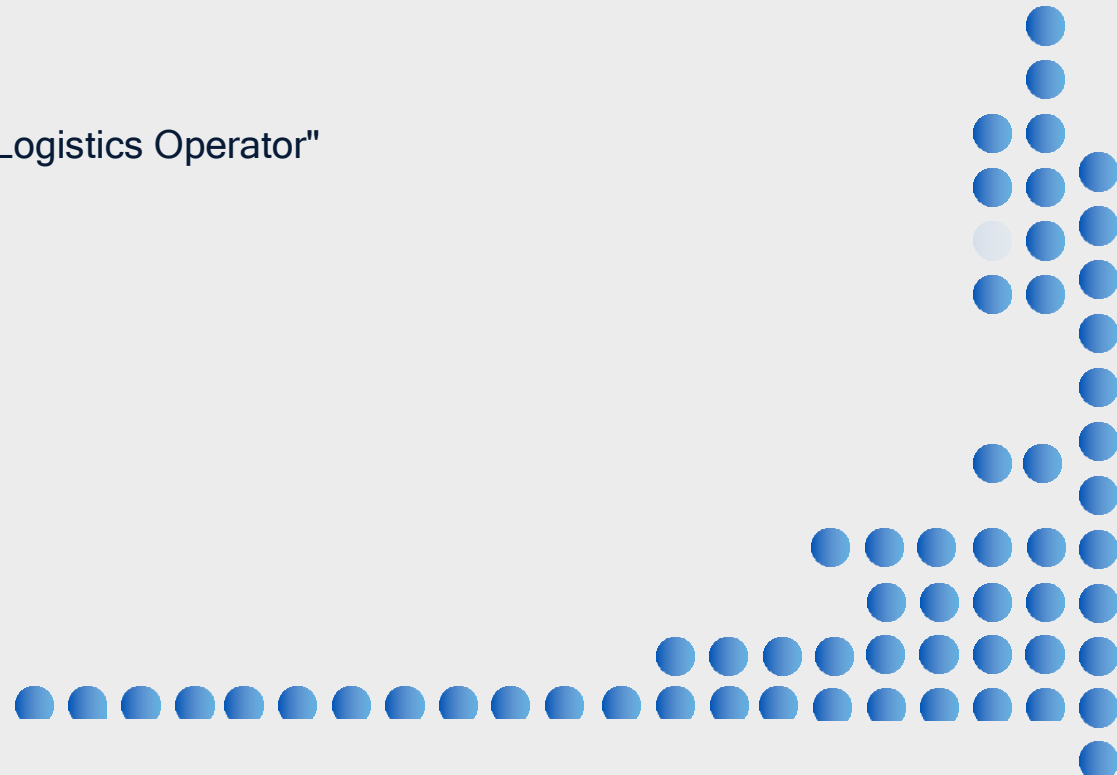

Offer commercial, logistics and industrial solutions of the highest quality for customers, national and international allies, with transparency, commitment and professionalism, attending to the sustainability of the planet.

VISION

To be undisputed references of professionalism and quality in operations that require commercial and logistics solutions for markets around the world.

SCOPE

"Services and Advice in international trade. 4PL Logistics Operator"

COMMITMENT AND VALUES:

We are committed to working under the values that represent us and to seek to generate them in our customers and suppliers seeking a long-term lasting relationship.

- **TRANSPARENCY:** in the relationship and management with our customers and suppliers.
- **COMMITMENT:** With the word committed and the client, aiming at long-term relationships.
- **PROFESSIONALISM:** In all areas of the company with knowledge, transparency and dedication.
- **EXPERTISE:** logistics, processes, solutions and marketing.
- **QUALITY:** in service, attention and willingness to solve problems.

OBJECTIVES

- Compliance with legal and regulatory requirements applicable to the business.
- The continuous improvement of our processes
- Compliance with our Code of Ethics
- Seek to accompany our employees in their Professionalism and feel the workplace as their own.
- Generate both National and International clients who seek not only to work with us once, but that we become their strategic Partners in international foreign trade
- Find market niches that will be an opportunity for the future.
